

1                   47.    The ophthalmic solution of Claim 46 further comprising a  
2   viscosity altering agent.

1                   48.    The ophthalmic solution of Claim 46 further comprising a  
2   sequestering agent.

1                   49.    The ophthalmic solution of Claim 46 further comprising a wetting  
2   agent.

1                   50.    The ophthalmic solution of Claim 49, wherein the wetting agent  
2   comprising a saponin.

1                   51.    The ophthalmic solution of Claim 46 further comprising an  
2   osmotic agent.

1                   52.    A contact lens solution containing a microbicidal concentration of  
2   of a naturally occurring microbicidal compound selected from the group consisting of  
3   berberine and hydrastine.

1                   53.    The contact lens solution of Claim 52 further comprising a  
2   viscosity altering agent.

1                   54.    The contact lens solution of Claim 52 further comprising a  
2   sequestering agent.
